

Brian Alvers

**Managing Director
Aon Benfield Analytics**

Brian Alvers, FCAS, MAAA, Managing Director, Aon Benfield Analytics. Brian is part of Aon Benfield Analytics, the analytical consulting arm of Aon Benfield. He leads a dedicated analytical team for all professional liability lines of business, with specialization in medical professional liability. He has been with Aon Benfield for 11 years and is responsible for providing clients with consultation on reinsurance placements including financial modeling and structure analysis, and value-added products and services outside the scope of the reinsurance placement including actuarial services and research and development.

Brian is a Fellow of the Casualty Actuarial Society and a Member of the American Academy of Actuaries. He is on the Academy's Medical Malpractice Subcommittee and a member of the Professional Liability Underwriting Society. He holds a master's degree in statistics and a Bachelor of Science in mathematics from the University of Florida. Brian is based in Aon Benfield's Chicago office.

Aon Benfield Healthcare has actively served specialty medical professional liability insurers for over 30 years. Our team of brokers and actuaries assist clients in reinsurance transactions, enterprise risk management, analytics, modeling and rating agency advisory. Aon Benfield is the leading global reinsurance intermediary with offices in 50 countries and more than 4,000 employees. Capital market solutions are available through Aon Benfield Securities, the largest insurance/reinsurance focused investment bank.
