

Cox, Becky RPLU, CIC

**Vice President, Business Development
Allied World Healthcare**

Becky Cox, Vice President, Business Development / Healthcare, is responsible for the growth and retention of all segments of healthcare business (Medical Malpractice, D&O and Managed Care E&O) written in the United States. She is also responsible for managing retail and wholesale broker relationships in those regions. Becky specializes in the hospital and large facility segments of the healthcare industry.

Becky has over 30 years of experience in the medical malpractice insurance industry. Prior to joining Allied World in May, 2009, she was with the Lexington Insurance Company for 13 years as the National Marketing Executive for the healthcare division. Before that, she was a producer and manager of the Special Risk Division in a regional insurance brokerage firm for 9 ½ years. She graduated from the University of SC with a BA in Political Science. She has her RPLU and CIC designations.

With our niche approach, Allied World has emerged as a market leader for healthcare specialty insurance coverage. We know this market and the challenges our clients face. Using proactive risk management services, we partner with our policyholders to provide a comprehensive range of products and services to meet the professional and management liability needs of hospitals, managed care organizations, miscellaneous medical facilities, long term care facilities, and clinical research laboratories.
